4	Be able to make coherent forecasts of exchange rate fluctuation and identify effective risk management strategies.			
5	Be able to formulate a trading strategy and identify resources needed for its effective implementation	PLO 5	ILO 4b, ILO 5b	Midterm exam, final exam, inclass discussions, homework assignments

INSTRUCTIONAL METHODOLOGY:

This is a direct classroom instruction course. The course will be conducted in the form of lectures and discussions on each topic shown in the class schedule below.

Assignments and projects require students to actively use resources of the library. Detailed guide to business *resources of the library* as well as the description of Lincoln University approach to *information literacy* are available at the <u>Center for Teaching and Learning</u> website (ctl.lincolnuca.edu).

COURSE REQUIREMENTS:

While in class, students are expected to conduct themselves in a professional manner. Professionalism includes regular attendance, participation in class discussions, civil conduct, and ethical behavior, etc. If a student is observed coming to class late often, being disrespectful to peers, texting or using mobile devices, or carrying on personal conversations during lecture, the grade will be reduced based on a demerit system and the student would be subject to disciplinary penalties from the University.

¹ Detailed description of learning outcomes and information about the assessment procedure are available at the <u>Center for Teaching and Learning</u> website (ctl.lincolnuca.edu).

Homework assignment:

Every student needs to read the PowerPoint Slides according to the syllabus timetable in preparation for the upcoming class session. Higher education is about learning how to learn. So, in acquiring new knowledge, always pay attention to the learning objectives of each chapter or topic. In addition, you will enhance your understanding by solving the chapter problems to be assigned in class. Of course, you are welcome to bring questions to class for discussion by reading ahead of each classroom lecture. Achievement is assured when done repetitively.

GRADING POLICY:

Your performance in this course will be evaluated under the following Grading Scale Model:

L				
Midterm Exam: 30%	A = 90-100			
Final Examination: 50%	B = 80 - 89			
Assignments: 20%	C = 70 - 79			
Total: 100%	D = 60 - 69			
	F = 0 - 59			
COURSE ASSESSMENT METHODS	GRADING SCALE			

The mid-term and final exams will include both types of theoretical and empirical questions and problems that are similar to the term assignments. They are designed to test both theory and problem solving. There will be NO "make-up credit" or "extra credit" work during and after the semester. The instructor reserves the right to modify the grading system based on class performance and notification to the students about any change during the semester. You are responsible for keeping apprised of any change in syllabus. If you plan to be sick on exam days, please do the exam a day earlier before getting sick.

Scholastic Dishonesty

Scholastic dishonesty will not be tolerated. Students who violate rules of academic dishonesty are subject to disciplinary penalties, including failure in the course and/or other actions from the University.

The key to success in this course is communication and interaction. Thus, we will have to work as a team. First, we will create a positive learning environment where everyone can participate without fear. Second, relevant reading and problem assignments will be presented and discussed in class. When in doubt, ask.

ADDENDUM: SUPPLEMENTAL COURSE MATERIALS:

The PowerPoint slides are designed to give students a head start in learning course materials in a concise and coherent fashion. They are not intended to substitute, but complement, the textbook and classroom lectures. Don't just read; you need to absorb and understand the body of knowledge through a synthesis of critical thinking and problem solving skills. Thus attending classroom lectures and completing exercises and assignments are critical to your success.
