INSTRUCTIONAL METHODOLOGY:

This is an online course. It will be conducted in the form of lectures and discussions on each topic shown in the class schedule below.

COURSE REQUIREMENTS AND EVALUATION:

While in class, students are expected to conduct themselves in a professional manner. Professionalism includes regular attendance, participation in class discussions, civil conduct, and ethical behavior. Higher education is about learning how to learn. So, in acquiring new knowledge, always pay attention to the learning objectives of each chapter or topic. In addition, you will enhance your understanding by solving the chapter problems to be assigned in class. Of course, you are welcome to bring questions to class for discussion by reading ahead of each classroom lecture. Achievement is assured when done repetitively.

GRADE ASSESSMENT:

Your performance in this course will be evaluated under the following Grading Scale Model

Assignments:	20%
Midterm Examination:	30%
Final Examination:	50%
Total	100%

The mid-term and final exam will include theoretical and empirical questions and problems that are similar to the term assignments. They are designed to test both theory and problem solving. There will be no "extra credit" work during or after the semester. The key to success in this course is communication and interaction. Thus, we will have to work as a team. First, we will create a positive learning environment where everyone can participate without fear. Second, relevant reading and problem assignments will be presented and discussed in class. When in doubt, ask. The instructor reserves the right to modify the grading system based on class performance and notification to the students about any change during the semester. You are responsible for keeping apprised of any change in syllabus. If you plan to be sick on exam days, please do the exam a day earlier before getting sick.

Scholastic Dishonesty:

Scholastic dishonesty will not be tolerated. Students who violate rules of academic dishonesty are subject to disciplinary penalties, including failure in the course and/or other actions from the University.

ADDENDUM: SUPPLEMENTAL COURSE MATERIALS

The PowerPoint slides are designed to give students a head start in learning course materials in a concise and coherent fashion. They are not intended to substitute, but complement, the textbook and classroom lectures. Don't just read; you need to absorb and understand the body of knowledge through a synthesis of critical thinking and problem-solving skills. Thus, attending classroom lectures and completing exercises and assignments are critical to your success.
