will be on learning by doing. Every student must participate in an intensive classroom activity. Reading, writing, and problem solving assignments will be made throughout the course.

Assignments and projects require students to actively use resources of the library. Detailed guide to business *resources of the library* as well as the description of Lincoln University approach to *information literacy* are available at the [LU Library](http://lincolnuca.libguides.com) website (lincolnuca.libguides.com).

Given the potential explosiveness of Artificial Intelligence, the course seeks to understand and utilize AI to supplement and enhance coursework assignments.

Online Components of the Course

I will create a Canvas site as a means of posting information and offering an opportunity for you to ask questions regarding course material. I will plan on adding students to the Canvas site once the class rosters are finalized.

Academic Honesty Honor Code

The faculty, administration, and staff recognize their obligation to provide continuing guidance as to what constitutes academic honesty and to promote procedures and circumstances that will reinforce the principle of academic honor. Fundamental to the principle of independent learning is the requirements of honesty and integrity in the performance of academic assignments, both in the classroom and outside. Students should avoid academic dishonesty in all of its forms, including plagiarism, cheating, and other forms of academic misconduct. The University reserves the right to determine in any given instance what action constitutes a violation of academic honesty and integrity.

Diversity

A diverse classroom is a better classroom. Sharing our experiences and our ideas contribute to our better understanding of the material. I will be committed to ensuring that all students receive the attention needed to grasp the key accounting concepts for this class. To that end, all questions relating to the course material will be answered in a timely fashion.

Requirements

All students are required to attend the class. Continuous assessment is emphasized. Students must complete all assignments and take all quizzes, mid-term exam and final exam ON THE DATES DUE. Plagiarism will result in the grade “F” and a report to the administration.

ASSESSMENT

A. Exams:

- Students must take a final exam. The final exam is *comprehensive* and covers the material from the entire semester.
- Make-up exam policy: Students must take the exams as scheduled. No make-up exam will be given.
- Partial Credit is awarded on exams for problems (not multiple choice) when the computations are shown. Show all work on problems for maximum partial credit.
- Students may use laptops or programmable calculators. While these may help students in the calculation of certain accounting problems, ultimately the student will need to use critical reasoning to be successful in this course.
- Students may e-mail me to be informed of their respective grades.

B. Homework:

- Homework sets and due dates will be posted regularly.
- Solutions to some homework problems will be reviewed in class.
- Critical thinking essay, cases, and problems are included as part of the regular homework and class demonstration problems.
- Individual research project will be assigned.

GRADING ASSESSMENT CRITERIA

Class Contribution (Homework Review)	20%
Course Projects	40%
Final Exam	40%
-----	-----
Total	100%

Letter grades will be given based on the following scaling:

Grade	A	B	C	D	F
Points	90-100	80-89	70-79	60-69	0-59

Per the Grade Policy Memorandum dated April 13th, 2020, grades above a C will be awarded as above. Grades of C- to D will be awarded as a CR. A grade of F will be awarded as NC.

Expectations for Students**A. Attendance:**

- Attendance at all classes is essential to acquiring the requisite information for successful completion of this course. The topics covered in this course are much related to each other. If you miss a lecture, it would be hard to catch up. Roll will be taken at the beginning of each session. Students are expected to show up to every class meeting and stay for the entire period.
- Students may attend either session of the lecture as space permits. Students must attend the exams during the session in which they are registered unless prior permission is obtained.
- Students are required to inform the instructor in advance by email or verbally in case of not being able to attend class.

B. Class Participation:

- Class participation is very essential to learning this subject. Be prepared to participate in class discussions (answering the questions and solving the problems), group work, and reviewing the homework.

C. Student Code of Conduct:

- Students are expected to respect the instructor and each other. Students must turn off their cell phones and pagers during the entire class time.
